

Home Companion™

Human-Agent Governance Proven in the Home

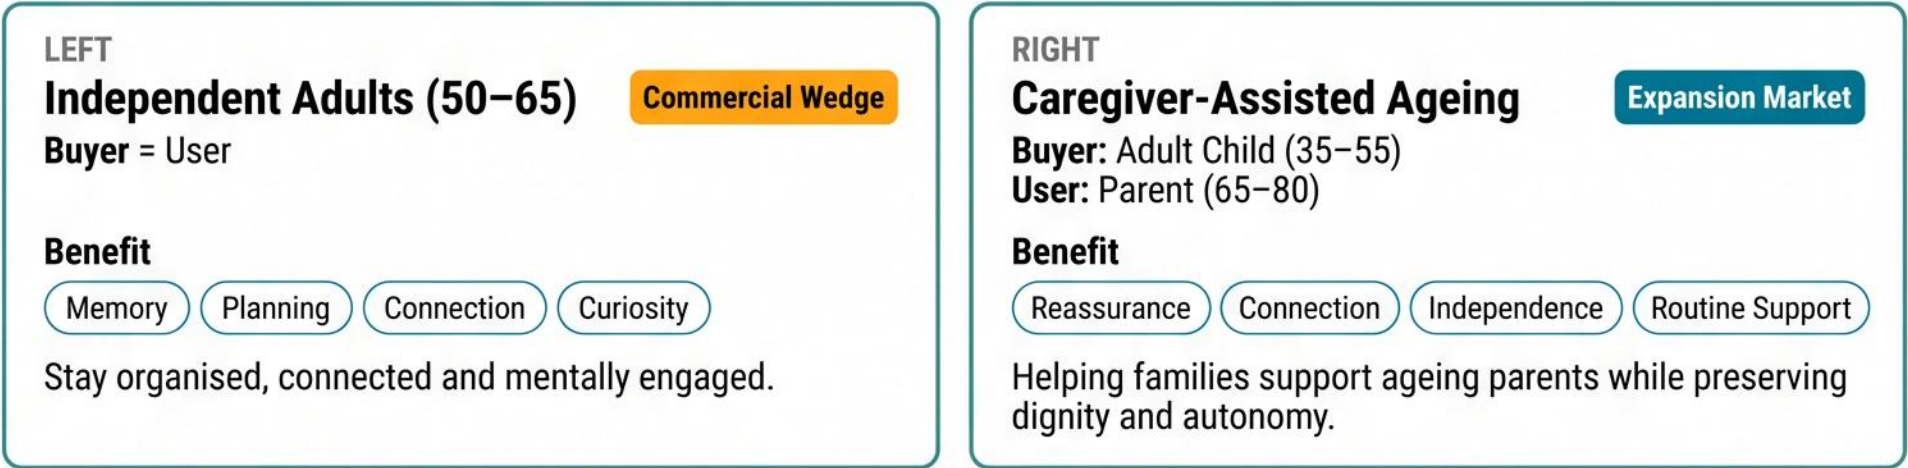

Voice-first support for independent adults while providing a simple bridge for families supporting ageing parents.

SECTION 1: THE OPPORTUNITY

UK • Germany • France • Switzerland

SECTION 2: ONE PLATFORM. TWO ENTRY POINTS.

SECTION 3: DEPLOYMENT EVIDENCE STRATEGY

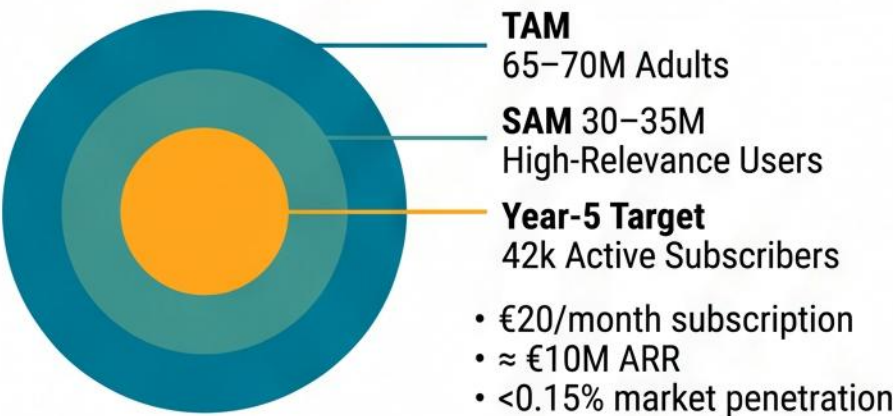

Generate real-world evidence for governed AI in home and care environments.

SECTION 4: GOVERNANCE MOAT

“Home Companion is not a chatbot demonstration. It is deployment proof for Human-Agent Governance.”

SECTION 5: MARKET POTENTIAL

SECTION 6: STRATEGIC FLYWHEEL

Evidence creates trust. Trust enables scale.

FOOTER

Today: Voice-first support for independent adults.

Tomorrow: Governed Human-Agent Teams supporting healthy ageing and future clinician-supervised care pathways.
